

ST. GEORGE'S LENNOXVILLE EASTER EGGS

St. George's Evening Anglican Church Women (A.C.W.) has had another successful campaign, making 1,015 of their famous Easter Eggs.

It takes three shifts to complete one egg. The morning shift mixes the ingredients, molds and refrigerates the eggs until the afternoon shift arrives and dips them in chocolate. The last group decorates, wraps and labels.

The Easter Egg campaign started in 1981 in a member's kitchen, but they became so popular that it was decided to move to the kitchen in St. George's Church Hall. With declining members, we are saying, "This may be our last year", but that will be decided when Easter arrives in 2017. Our eggs are sold in many towns in the Townships, going as far as Ontario.

Thank-you to everyone who helps to support our spring Easter Egg campaign.
